#### IMPORT TRADE CONTROL

New Delhi, the 13th June, 1961

**SUBJECT:—***Import policy for "white printing paper (excluding laid marked paper) which contains mechanical wood pulp amounting to not less than 70% of the fibre content" (S. No. 44/V) during April—September, 1961.*

**No. 58-ITC(PN)/61.**—Attention is invited to remark (7) against S. No. 44/V of Section II of the current Red Book, according to which the requests of Actual users, who might bring out new newspapers during April, 1961—March, 1962 for allotment of Newsprint both indigenous and imported will be considered subject to specified conditions.

2. Owing to foreign exchange stringency, supplies of Newsprint have had to be restricted. Allotments to individual Newspapers of newsprint both indigenous and imported are, therefore, strictly rationed according to their minimum requirements. Since availability of Newsprint is limited, it is notified for general information that those publishers and/or printers of Newspapers and periodicals, who wish to start new publications should, in their own interest, get a clearance in advance from the Chief Controller of Imports and Exports, New Delhi regarding availability of Newsprint for their publication.

3. Applications by intending publishers for obtaining advance clearance regarding availability of Newsprint for their publication should be made to the Chief Controller of Imports and Exports, New Delhi, who will consider them in consultation with the Registrar of Newspapers in India. If any newspaper or periodical commences publication without getting the necessary clearance from the Chief Controller of Imports and Exports, New Delhi there would be no guarantee that Newsprint for that publication would be available from indigenous sources or allowed to be imported from abroad.

K. T. SATARAWALA,  
Chief Controller, of Imports and Exports.
